OGDEN, Sept. 11.—With President George Dinsdaie in the chair, the annual convention of the Utah State Federallon of Labor was called to order in Union Labor halt this morning at 9 o clock with a good representation from all of the labor unions of the state.

Mayor William Glasmann was introduced and delivered an address of welcome, which was responded to by Austin Davis of Salt Lake on behalf of the visiting delegates. In his welcoming remarks, the Ogden city executive mentoned the McNamara case, declaring that he was convinced that the men were kidnapped from the state of Indiana and pointing out that had there been a recall procision in the state laws of Indiana, Governor Marshall would not have dared sign the requisition papers in the dead of night.

Austin Davis, on behalf of the visiting delegates thanked the mayor for his hearty welcome and assured him that the laboring men are now working for the measures provided for in the referendum, initiative and recall.

At the conclusion of Mr. Davis's response to the address of welcome the credentials committee got busy and soon had its report ready. The bulance of the inorcing session was taken up with the formation of the various committees and the seating of the delegates.

The report of the credentials committee showed the following union labor men present. R. J. Oswald, representing the Salt Lake Iron Molders of North America; H. K. Russell, C. E. Ross and A. Thompson of the Salt Lake Typographical union; John Bayes and G. R. Klentz of the Salt Lake Switchmen's union; H. T. Livsey, W. T. Heart, W. W. Crabtree and T. H. Rock of the Salt Lake Beer Bottlers' union; Elmer Selver of the Salt Lake Carpenters and Joiners; Tom Osburne, M. N. Riley and J. A. Cunningham of the Salt Lake Bartenders union; Robert Stirrat and A. H. Kampton of the Salt Lake Beer Drivers union; George Hales and George C. Evans of the Euroka local of the Western Federation of Miners; J. B. Young and Roy Hughes of the Horseshoers union of Salt Lake, George Roth and Amel Snelder of the Salt Lake Brewety Workers; Austin Davis, D. F. Lewis, A. E. Harvey, E. A. Dunsby and W. M. Knerr; L. M. Barnes, J. E. Wadman, J. A. Flinchbaugh, George Thenn and W. D. Watson of the Ogden Trades and Labor assembly, John Buehler and W. M. Piggott of the Ogden Barbers union; George Dinsdale and S. M. Moore of the Ogden Brewery Workers' union and Joseph Oliver of the Ogden Cigarmakers' union.

Defends Boy Scouts.

At the afternoon session the Rev. F. V. Fisher addressed the convention in regard to the reported opposition of the labor unions to the boy scout movement. The unions oppose the movement on the ground that it tends to prompte militarism and is designed to train soldiers to put down strikes. Mr. Fisher declared that the movement was not organized with the view of promoting militarism: that its sole object was to provide healthful outdoor exercise for boys. The church leaders he declared, would be as much opposed to militarism as any one else. The convention took no action on the matter today, but probably will do so tomorrow.

No pain or unpleasant after effects follow the use of powdered delatone for the removal of hairs from the skin's surface; and persons afflicted with superfluous growths can quickly remove them in the privacy of their own room in a very few minutes' time. Get an original package of delatone, and with a little water mix enough of the powder into a paste to cover the hairy surface. Let this paste remain on for two or three minutes, then rub off and wash the skin and the hairs are gone, never to return. Delatone costs a dollar an ounce, but is unfailing for removing hairy growths and preventing others coming. After it is used the skin is left smooth, white and firm.

Commissioners Will Stand Expense of Advertising Resources.

That Carbon county is to denate to the Chamber of Commerce a splendid exhibit of grains, fruits, coal, hydrocarbons, marble samples, building stone and other important products of that region is the announcement made by Secretary D. F. Collett, who has returned from Price, where he conferred with prominent citizens in the interest of the chamber's work. According to Mr. Collett, the board of commissioners of Carbon county have arranged to stand the expense of an adequate wall case, also the requisite space.

Mr. Collett yesterday leciared that both the agricultural and horticultural crops of Carbon county are now in the most promising shape they have been in in the history of the councy. He also asserted that Price has been struck by a real building boom. Important emong the buildings now under way, he said, are a spacious, modern office building, a big stake tabernacle and a new Denver & Rio Grande railway station. These structures alone, it is estimated, will aggregate in cost something between \$200,000 and \$300,000. Mr. Collett reported that business in the thriving southern town was brisk, owing to the large regular payrolls of the rich coal mining companies in the surrounding territories.

"The resources of Carbon county are wonderful," said Mr. Collett yesterday. "No one who has not taken the trouble to pass through that region and make a careful observation of the riches bound up in the soil and mountains or the great developing possibilities of the region, can truly estimate just what the future destiny of that part of the state will be.

Who does not know the value of sage and sulphur for keeping the hair dark, soft, glossy and in good condition? As a matter of fact, sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature grayness, than sage and sulphur if properly prepared.
